

## Technical Specifications

### Fuel Requirement for FY 2021 – via Fleet Card Services

1. Estimated supply of petroleum products for eleven (11) months are as follows:
  - a. Gasoline: more or less 16,150 L.
  - b. Diesel: more or less 72,450 L.

\*Bid proposal for each fuel must have a fixed price and must be valid for eleven (11) months or end of contract.
2. Other Services:
  - a. 24-hour towing services and roadside assistance nationwide to all service vehicles enrolled in the fleet card program whenever required
  - b. Engine Wash/Under Chassis Wash-every quarter
3. Fleet Card Service/Program
  - a. Fleet card service provider shall provide fuel, oil and lubricant products and other service requirements of the FPA using the fleet card technology. Such technology must ensure that the card is protected from duplication or hacking.
  - b. The fleet card service provider must have a wide service station network nationwide and all of its branches are available at all times to dispense fuel, oil and lubricant products and other service requirements to all FPA service vehicles following the terms and conditions set in the contract.
  - c. The fleet card service provider shall provide the FPA service vehicles a vehicle-specific fleet card containing the following:
    - i. Card Number;
    - ii. Office name;
    - iii. Vehicle details (type of vehicle and vehicle plate number)
    - iv. Product restriction (type of fuel, lubricants, other services; allocation and frequency of services); and
    - v. Expiry date.
4. The payment is done on a monthly basis.
