MEMORANDUM CIRCULAR

NO. 04

Series of 2021

Subject: ISSUANCE OF CERTIFICATION TO INDIVIDUALS WHO COMPLETED THE TRAINING PROGRAM, PASSED THE EXAMINATION AND NOT EMPLOYED WITH ANY FPA-LICENSED COMPANIES/ESTABLISHMENTS

In pursuance to FPA's mandate to educate the agricultural sector in the proper use, handling and transport of crop protection products in order to improve agricultural production and to protect the public and environment, the FPA Accredited Training Associations are hereby encouraged to expand and reach more clients/participants who want to update their skills and knowledge in handling and applying crop protection products.

In line with this, an individual who attended the training and passed the examination administered by FPA but not currently employed with any FPA-licensed companies or establishments shall not be accredited yet but shall be issued with a certification. However, **said certification shall not replace the FPA accreditation card and could not be used as a compliance to the licensing requirement of FPA.**

The accreditation card shall be issued once the individual is employed by an FPA-licensed company/establishment and accordingly filed his/her application for accreditation and paid the corresponding fee.

This Circular takes effect immediately and supersedes previous issuances inconsistent herewith and shall remain enforced unless otherwise revoked.
