

ADVISORY

Recently, the Fertilizer and Pesticide Authority (FPA) Official e-mail was hacked and used by an unidentified person(s) to solicit money from FPA staff and clientele using the name of Executive Director Norlito R. Gicana.

Please be informed that Director Gicana has nothing to do whatsoever with any soliciting being made by this person(s). In fact, he does not know this person(s) who is soliciting money on his behalf.

Moreover, please disregard any present and future solicitations, donations or any favor asked or requested by any person(s), or any employee(s) in behalf of the FPA.

Thank you very much.

FPA MANAGEMENT
