MEMORANDUM CIRCULAR NO. 04

**SUBJECT : RATING SYSTEM FOR ACCREDITATION  
EXAMINATION FOR CERTIFIED PESTICIDE  
APPLICATORS**

---

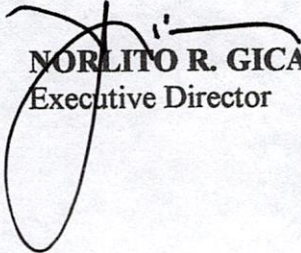

To systematize the rating system for accreditation examination for certified pesticide applicators as agreed in consultation meeting with the pest control associations, the transmutation system shall be adopted in the computation of grades using the following formula:

$$\frac{\text{Score}}{\text{total number of items}} \times 50 + 50 = \text{Transmuted Grade}$$

This transmuted grade formula is for the minimum passing grade of 75%. Consequently, the transmuted grade shall be converted into its equivalent to 70% as minimum passing grade as provided in the Green Book.

This Order shall take effect immediately.

For guidance of all.

  
**NORLITO R. GICANA, CESO IV**  
Executive Director
